The George Carlin Theory

The unfair thing about life is the way it ends.
Life is tough; it takes up a lot of your time.
And what do you get at the end of it? A Death!
What's that, a bonus? I think the life cycle is backwards.
One should die first; get it out of the way. Then you live in an old age home.
You get kicked out when you're way too young,
You get a gold watch, you go to work.
You work 40 years until you're a teenager and you enjoy your retirement.
You do drugs, alcohol, you party, you get ready for high school,
You become a kid, you play, and you have no responsibilities,
You become a little baby, you crawl back into the womb,
You spend your last months floating...
You finish off as an orgasm.
